

McMaster University

2022 Summer Programs

“Professors from a variety of fields provided a series of highly valuable lectures including informative discussions of latest technologies and trends in healthcare systems.”
- clinical medicine major at Shanghai Jiao

Founded in 1887, our purpose at McMaster is the discovery, communication and preservation of knowledge. In our teaching, research and scholarship, we are committed to creativity, innovation and excellence.

- One of only four Canadian universities **ranked among top 100** in the world
 - Ranked 69th in the Times Higher Education World University Rankings 2021
 - Ranked 98th in the Shanghai Jiao Tong Ranking of World Universities 2020
- Consistently ranked as Canada's most research-intensive, medical-doctoral university by Research Infosource since 2017
- The McMaster Model, a student-centered, problem-based, transdisciplinary approach to learning that has been adopted worldwide
- Home of **three Nobel prize-winners**: McMaster Professor Bertram Brockhouse (Physics in 1994), McMaster graduates Myron Scholes (Economics, 1997), Donna Strickland (Physics, 2018)
- Top rated programs in: **Business, Engineering, Health Sciences, Humanities, Science, and Social Sciences**

Michael G. DeGroot School of Medicine is known around the world for its innovative method of small group, problem-based education, with a focus on self-directed, lifelong learning, which is pivotal from the day students enter our schools and throughout their professional careers.

Summer English Program with eHealth Focus

This program is designed to provide participants with a strong foundation approaches to e-Health. The introduction to e-Health will include discussion of Health Research Methods, Health Policy, Health Economics, Public & Population Health, Health Informatics, Health Technology Assessment and Health Data Mining. Our in-person program begins with 2 weeks of intensive practice of English language skills for the health science context which prepares students to participate effectively in their e-Health lectures and activities.

Program Features:

- Lectures by expert faculty from McMaster's Faculty of Health Sciences and Faculty of Business
- Progress Report and Certificate of Graduation
- Highly qualified and experienced English language instructors
- Access to university facilities and services
- Visit to hospital, historical/recreational places
- Welcome / Farewell ceremonies

Program Dates: July 10 - August 7, 2022

Program Fee: \$4700.00 CAD

fees include: tuition, accommodation, meal cards, airport pick-up and drop-off, access to university facilities and university health insurance
